## **Timy Driver installation (Windows Vista)**

Hint: You will need administrator rights to install a driver!

1. Put a ALGE CD in your PC.

If you do not have an *A*lge CD, you have to download it from the *A*lge Homepage <u>www.alge-timing.com</u>.

After downloading the driver, you have to extract it: press unzip

WinZip Self-Extractor - TimyUSB	Driver.exe	×
To unzip all files in TimyUSBDriver.exe to the specified folder press the Unzip button.		Unzip
Linzin to folder:		Run WinZip
C:\driver	Browse	Close
✓ Overwrite files without prompting	g	About
		Help

2. Connect the Timy with your PC and switch it on.

Please wait until Windows finished searching for the driver. The following window should open.

Click to "Locate and install driver"

Found New Hardware		×
Windows needs to insta Device	all driver software for your Un	known
Locate and install d Windows will guide you t for your device.	Iriver software (recommended through the process of installing driver	l) software
Ask me again later Windows will ask again t	the next time you plug in your device o	r log on.
Don't show this me Your device will not funct	essage again for this device tion until you install driver software.	
		Cancel

#### 3. Click to "Continue"

#### 4. Click to "Don't search online"

# 5. Click to "Browse my Computer for driver software (advanced)"
